10 - 11- 12. soruları aşağıda verilen metne göre cevaplayınız.

Sumatran tigers are wild animals. They live on the island of Sumatra in Indonesia. They are smaller than other tigers. They have dark fur with thick stripes.

They are carnivores and they are excellent swimmers. They are endangered because human beings hunt them for trade and they destroy their habitat for agriculture. There are about 50 Sumatran tigers on the island but people still hunt them illegally. So, we should do something right now. We should educate people and ban hunting.

10. What do Sumatran tigers look like?

- A) We should educate people to protect them.
B) They are wild animals with dark fur and stripes.
C) They are becoming extinct in next 50 years.
D) People hunt them illegally and sell their fur.
