**11 - 12. sorularda, verilen parçaya göre uygun olan seçeneği işaretleyiniz.**

Construction of the Topkapı Palace was started at the year 1460 after the conquest of Istanbul by Mehmed the Conqueror in 1453. The Palace was completed in 1478. It was built upon a 700.000 square meter area located at the Istanbul Peninsula between Sea of Marmara, Bosphorus and the Golden Horn. Topkapı Palace was the administrative, educational and art centre of the Empire for nearly four hundred years. After the establishment of the Republic of Turkey, Topkapı Palace was transformed into a museum on April 3th, 1924 and it was the first museum of the Republic of Turkey. It is also one of the biggest palace-museums with its architectural structures, collections and approximately 300.000 archive papers. It's the most visited place in İstanbul with around 4 million visitors ever year.
